EXECUTIVE PROFILE

Autonomous software systems engineer and undergraduate Data Science student at **Islamia University of Bahawalpur (IUB)**. High-growth developer (started coding at age 14) specializing in high-autonomy Digital Employees (Digital FTEs), compiled edge-native Go agent runtimes (<10MB RAM footprint), and verifiable Model Context Protocol (MCP) tooling. Creator of **MalikClaw** (recipient of the **GitHub Starstruck Bronze Achievement** with 16+ stars, listed on MCP Market) and holder of the audited **A2AS Behavior Certificate** for AI Agent Security & Governance.

EDUCATION & ACADEMIC CREDENTIALS

Islamia University of Bahawalpur (IUB)

2025 – Present • Pakistan

Bachelor of Science in Data Science (BS Data Science)

Core focus: Statistical Modeling, Linear Algebra, Machine Learning Models, Data Structures & Algorithms, Big Data Analytics. Bridging rigorous mathematical foundations with autonomous AI swarms.

Panaversity

2024

Specialist Certification in Agentic AI Development

Mastered autonomous agent loops, OpenAI Agents SDK, LangChain, tool calling schemas, and visual workflow automation.

Presidential Initiative for Artificial Intelligence & Computing (PIAIC)

2023 – 2024

Specialist in Artificial Intelligence & Cloud-Native Computing

Mastered TypeScript, async Python, Docker containerization, PostgreSQL, and modern web application development.

HONORS & OFFICIAL GITHUB ACHIEVEMENTS

★ **GitHub Starstruck** **BRONZE TIER**

Awarded for **MalikClaw** earning 16+ GitHub stars from open-source developers worldwide.

🐋 **GitHub Pull Shark** **ACTIVE**

Awarded for high-velocity merged pull requests in Hackathon 2 open source repositories.

👥 **Pair Extraordinaire** **AI CO-AUTHOR**

Recognized for autonomous AI pair programming and co-authored repository commits with Claude.

🛡️ **A2AS Behavior Certificate & MCP Market**

Audited agent safety limits by A2AS Registry; MalikClaw cataloged on official global MCP Market.

FLAGSHIP ENGINEERING SYSTEMS

MalikClaw — Edge-Native Agentic Assistant & Gateway

Go • MCP • ADB • Docker

Ultra-lightweight edge agent compiled in Go operating on <10MB RAM with <1s boot time on a \$10 Raspberry Pi Zero or Android hardware. Features native Urdu NLP with RTL bidirectional routing, JSON-RPC 2.0 Model Context Protocol (MCP) dispatch, and Android mobile automation over ADB. Received GitHub Starstruck Bronze Achievement.

Digital FTE — Abdullah Junior

Python • FastAPI • Claude • MCP

Autonomous 24/7 Digital Employee utilizing a **Dual-Agent Architecture** (Cloud Sentry monitoring + Local Executive execution). Enforces strict credential isolation with HMAC verification; autonomously handles Gmail, WhatsApp, LinkedIn, and Odoo ERP workflows.

Customer Success Digital FTE

FastAPI • pgvector • Apache Kafka

Multi-channel customer inquiry agent operating 24/7. Integrates 1536-dimensional vector similarity retrieval in PostgreSQL with pgvector and an asynchronous Apache Kafka pipeline with automated dead-letter queue recovery.

TECHNICAL SKILLS MATRIX

Languages & Runtimes:

Go (Golang), Python (AsyncIO), TypeScript, JavaScript, SQL, R, Bash

AI, Data Science & Vector Stores:

Model Context Protocol (MCP), OpenAI Agents SDK, pgvector, Pandas, NumPy, Scikit-learn, ChromaDB, Pinecone

Backends & Cloud Infrastructure:

FastAPI, Next.js 15, PostgreSQL, Apache Kafka, Docker, Kubernetes, Vercel, Fly.io, CI/CD

Security & Observability:

A2AS Behavior Limits, Android ADB Automation, Langfuse Telemetry, Git/GitHub Actions
